

# Connecticut HEARTSafe Communities

The following 101 of the 169 Connecticut communities along with 7 businesses have demonstrated a commitment toward ensuring their residents and visitors receive the early lifesaving response proven to increase the chances of survival for sudden cardiac arrest victims by providing the four vital links of the “Chain of Survival:”

♥ Early access to emergency care  
♥ Early advanced care

♥ Early cardiopulmonary resuscitation (CPR)  
♥ Early defibrillation
